EcoSavers®
Showerhead LED

Another clever product in the EcoSavers® programm, the Showerhead LED.

This product helps you to reduce your showering time by showing colors:
• 0 – 4 minutes   green color
• 4 – 8 minutes   blue color
• 8 – 12 minutes   red color
• > 12 minutes   red flashing

Just connect the showerhead with your showerhose. No batteries or power source needed, as the power is provide by waterpressure using an internal power generating turbine.

Automaticall starts when you open the faucet and automatically stops again when you close the faucet.
